COOLABUNIA MARKET REPORT 11th JULY 2017

Coolabunia combined agents sold 540 head at the fortnightly prime and store sale on Tuesday 11th July 2017. The larger yarding attracted more buyers with export and trade cattle remaining firm on recent sales. Quality weaners selling to a firm market with lesser quality cattle harder to sell. Although we have had some rain, restockers were not as active being very choosy in their purchases. If we can get more rain and winter remains as kind as it is at the moment the market should remain firm in the short term.
